Subject Designated Site Radiation Safety Officer Change -  
Radioactive Material License No 955-0139, Installation LR-0139

Dear Mr. Awa1

In the last year, Mr David R Brosnahan has left our employment Under previous license renewals, David was listed as our Radiation Safety Officer for this source. We are now appointing Mr R J. Klotzbach (resume attached) to replace Mr Brosnahan as our R S O. for this license. Given Mr Klotzbach's broad range of experience in radiation matters, we believe he is highly qualified to fill the position We would appreciate a reply from your office if you find Mr Klotzbach's credentials acceptable

A letter under separate cover will be forwarded to your office this week from our Danbury, Connecticut offices covering our Licenses name change (Condition 1) per our discussion last week Also under separate cover will be a request for renewal of this license for an additional year (Condition 4), this letter due out by the weekend from our office.

Very truly yours,

George P Parker  
Superintendent of Services
